

Forecast For London & Southeast England
Issued by Met Office Exeter
at 0400 on Friday 02 Apr 2021

++ Valid for broadcast between 0600 and 1800

Headline:

Friday cold and dry with sunny spells. Noticeable chilly breeze.

Today:

A dry day with bright or sunny spells. Cloud increasing at times through the day, especially towards London and Kent. It will feel chilly with a noticeable wind affecting all areas, and this may be strong across Kent. Maximum temperature 12 deg C (54 deg F).

Tonight:

A cold night with frost affecting some parts where skies remain clearer, however probably clouding over by the end of the night. Winds becoming lighter, but brisker near some coasts. Minimum temperature 3 deg C (37 deg F).

Saturday:

Saturday will be another colder than average day. Mainly dry with variable cloud amounts and some bright spells. Winds increasing for a time but tending to decrease later. Maximum temperature 11 deg C (52 deg F).

Outlook for Sunday to Tuesday:

Sunday notably milder with sunny spells. Winds freshening. Overnight rain and showers with strong winds. Monday and Tuesday much colder with wintry showers and coastal gales. Snow possible in places.
